

Environmental Protection Agency

Notice to the Public

Pursuant to Section 11(2) of the Environmental Protection Act, Cap. 20:05, Laws of Guyana, the Environmental Protection Agency (EPA) has screened the application for the grant of an environmental permit for the following proposed project:

- **Azaad Khan, Sawmill, Lumberyard and Log Pond at Tract AK Loo Creek Agricultural Area on the Eastern Side Linden Soesdyke Highway**

The EPA has determined that this project will not significantly affect the environment and is therefore exempt from the requirement to conduct an Environmental Impact Assessment (EIA). The reasons for EPA's decision include:

1. Noise and vibration from the use of saws, edgers, and planers; loading and unloading of trucks; air compressors; and power generator will be mitigated by installing mufflers, regular maintenance, and limiting the hours of loading/offloading.
2. Wood dust from sawmilling will be reduced by a dust extractor system, and fine particles from fuel combustion by the generator and exhaust stack, respectively.
3. Wood waste will be made available to the community for collection and reuse.

Please be advised that this decision is in no way an indication that this project is approved. The reasons for our decision are available at the following links on our website:

Project Summary Tab

<https://epaguyana.org/download/project-summary-azaad-khan-sawmill/>

Any person who may be affected by the proposed project may lodge an appeal against the Agency's decision (EIA not required) within thirty (30) days of the publication of this Notice. *Appeals against the EPA's decision should be addressed to:*

Appeals against the EPA's decision should be addressed to:

The Chairman

The Environmental Assessment Board
