

Environmental Protection Agency

Notice to the Public

Pursuant to Section 11(2) of the Environmental Protection Act, Cap. 20:05, Laws of Guyana, the Environmental Protection Agency (EPA) has screened the application for the grant of an environmental permit for the following proposed project:

Gafsons Industries Limited (Mc Doom Complex). - Manufacturing Roofing/ Decking Materials, inclusive of (power generation) fuel storage, and mechanical workshop

The EPA has determined that this project, for the following reasons, will not significantly affect the environment and is, therefore, exempt from the requirement to conduct an Environmental Impact Assessment (EIA).

1. The proposed project location is not environmentally sensitive; it has no special environmental attributes, rare ecosystems, habitats, or species at risk.
2. Adequate measures to mitigate emissions to soil, water, air, and noise have been outlined in the project's application for environmental authorization. Such as:
 - a) Zinc production is conducted in an enclosed space
 - b) The generator is located in a fully enclosed room.
 - c) All equipment, vehicles, and generators shall be maintained and serviced according to the manufacturer's specifications.

Please be advised that this decision is in no way an indication that this project is approved.

Project Summary Tab
