The Coomaeka Forest Products & Agricultural Association was a Community Development Association registered under the Friendly Society Act. The Society has been in existence for more than 14 years. The Society Name was change in 2011 - to Coomaeka Forest Products and Agricultural Co-operative Society Limited.

The Society has a membership of twenty seven (27) members, that works as loggers within the concession.

It is a primary source of employment for some of the people of the community since most of the men and youths depend on the forestry industry for work.

The member work within the concession.

doing cutting of log and harvesting of the logs.

No utility service is provided within the concession.

But the used of creeks for damsa use.

We have a small amount of waste to manage.

1. Gasolen 1 - Drum.

2. Diesel - 1 - Drum.

3. Black oil - ~~1~~ 2 - Five (5) gal per

We dispose of our waste by a disposal pit and a toilet for use.

There is a small gap within the canopy of trees within the concession when a tree is removed.

There is no blockage of water way (creeks) within the concession to cause flooding.

Creeks and bridges are maintain by all joggers within the boundry of the concession and roads.

The association / Society is looking to improve its member awareness about the biodiversity and Eco system within the concession, also the Fauna and Flora Habitat in 2024; also training in Good practice of harvesting of log.
