

# Environmental Protection Agency

## Notice to the Public

The Environmental Protection Agency (EPA) hereby notifies the general public that **the Hammerhead Development Project, Stabroek Block, Offshore Guyana** has been approved pursuant to section 12 of the Environmental Protection Act, Cap. 20:05, based on the following grounds:

1. The Environmental Assessment Board has considered the Environmental Impact Statement and Environmental Impact Assessment related to this project, acceptable in accordance with section 11(13) of the Environmental Protection Act, Cap. 20:05.
2. The EPA has taken all relevant considerations into account, including the views expressed by members of the public during consultations done in accordance with section 11(9) of the Environmental Protection Act, Cap. 20:05.

The approved EIA and Environmental Permit can now be accessed at following links:
