Great news from the Environmental Protection Agency (EPA)!

In support of the Government of Guyana's push to digitise public services, the EPA is proud to announce the launch of our Environmental Authorisation e-Service, which will go live on October 14, 2025.

This new digital platform makes applying for environmental authorisations and making complaints faster, easier, and more transparent. We're officially online, and we encourage all applicants to start using our new e-Service today!
